RE: Request for Time Extension--Iron Mines

Dear Mr. Jensen:

Thank you for taking the time out of a busy schedule to have the pleasant interview today at your Salt Lake City offices along with Daron Haddock and Mary Ann Wright.

Although we do not necessarily agree with your decisions or the actual benefit or need for such actions, we can somewhat appreciate your concerns.

We especially appreciate sincere efforts which are made to amicably and fairly resolve the issues involved and still make it possible for enterprising individuals to be productive in their pursuits.

According to your instructions, we are making this written request for a time extension, for at least another thirty days. Please make note of this.

We will review some of the points of our discussion with the land owner, make the notations on the map you provided, and return it to you as soon as possible.

Sincerely,

Perco Rock

A. L. Barlow, Agent
